

GUEST SESSIONS

S EUROSIVASA Symposium Sunday, 29 May 2016 14:00 – 15:30 **Looking further – Anaesthesia and outcome Symposium organised by the European Society of Intravenous Anaesthesia**

Anaesthetic agents and cancer

Organ protection revisited

Lidocain: Pain and inflammation

Panel discussion

S GUESTASA Symposium Sunday, 29 May 2016 14:00 – 15:30

Recognizing patterns and practices contributing to regional anesthesia complications - Symposium organised by the American Society of Anesthesiologists (ASA)

Chair:
 Brenda Gentz (Tucson, United States)

Neurologic Complications of Neuraxial Anesthesia in Obstetrics
 David Wlody (Brooklyn, United States)

Peripheral Nerve Block Complications: from Nerve Stimulation to Ultrasound
 Brenda Gentz (Tucson, United States)

Injury and Liability with Regional Anesthesia: Lessons from Closed Claims
 Karen Domino (Seattle, United States)

S GUESTESICM Symposium Sunday, 29 May 2016 10:15 – 11:45

Safety in the Intensive Care Unit - - Symposium organised by the European Society of Intensive Care Medicine (ESICM)

Chairs:
 Andreas Valentin (Schwarzach, Austria)
 Sharon Einav (Jerusalem, Israel)

How safe is your Intensive Care Unit?
 Andreas Valentin (Schwarzach, Austria)

Medication errors: human factors vs clinical information systems
 Jozef Kesecioglu (Utrecht, Netherlands)*

Quality indicators improve safety
 Hans Kristian Flaatten (Bergen, Norway)

S

GUESTIARS
Symposium

Sunday, 29 May 2016
15:45 – 17:15

The use of modern brain science to understand anesthesia and brain recovery from coma - Symposium organised by the International Anaesthesia Research Society (IARS)

Chair:
Christian Werner (Mainz, Germany)*

Neural circuit dynamics in the anesthetized brain
Emery Brown (Boston, United States)

A general mesocircuit model for recovery of brain function after coma
Nicholas Schiff (New York, United States)

Precision medicine approaches to the taxonomy of disorders of consciousness
David Menon (Cambridge, United Kingdom)

S

GUESTIFNA
Symposium

Sunday, 29 May 2016
10:30 – 12:00

Competences of European nurse anaesthetists and training requirements - Symposium organised by the International Federation of Nurse Anaesthetists (IFNA)

Chairs:
Charles-Marc Samama (Paris, France)
Pascal Rod (Le Plessis-Robinson, France)

The European solution for the anaesthesia team and the American approach
Johannes Th. A. Knappe (Utrecht, Netherlands)

Quality solutions for Anaesthesia for the aging population in Europe at an affordable price
Jannicke Mellin-Olsen (Rud, Norway)

Harmonisation of basic training for non-physician anaesthesia providers in Europe
Marianne Riesen (Schaffhausen, Switzerland)

S

GUESTNYSSA
Symposium

Monday, 30 May 2016
08:30 – 10:00

Improving outcomes for perioperative elderly patients: a problem-based approach - Symposium organised by the New York State Society of Anesthesiologists (NYSSA)

Chair:
Richard Beers (Syracuse, United States)

The approach to perioperative care of the elderly patient
Richard Beers (Syracuse, United States)

General anaesthesia and sedation for the elderly patient
Audree Bendo (Brooklyn, United States)

Regional anesthesia for the elderly patient
Andrew Rosenberg (New York, United States)

S GUESTTAS Symposium Sunday, 29 May 2016 16:00 – 17:30

Trauma, critical care, and emergency-care anaesthesiology: a new paradigm for the “acute care” anaesthesiologist? Symposium organised in collaboration with the Trauma Anaesthesiology Society

Chair:
Carin Hagberg (Houston, United States)

Why we need the Acute Care Anaesthesiologist
Maureen McCunn (Baltimore, United States)

The development of the acute care anaesthesia team: evolution, outcomes, practices and pitfalls in a swiss model
Catherine Heim (Lausanne, Switzerland)

U.S. And European vision of Acute Care Anaesthesiology: best of the two systems...what the Data Tells Us
Romain Pirracchio (San Francisco, United States)

S GUESTWFSA Symposium Monday, 30 May 2016 10:30 – 12:00

Anaesthesia and care in Endemic Highly Infectious Diseases (EHID) - Symposium organised by the World Federation of Societies of Anaesthesiology (WFSA)

Chairs:
Davy Cheng (London, Canada)*
Philippe Scherpereel (Lille, France)

Impact of endemic highly infectious diseases (EHID) : HIV, SARS, EBOLA... on surgery and anaesthesia care
Meena Nathan Cherian (Geneva, Switzerland)

Guidelines on surgery and anaesthesia care in EHID including obstetrics
Davy Cheng (London, Canada)*

Lessons learned from EHID management on perioperative healthcare workers
Jenny Stedmon (Brisbane, Australia)

S LICAGE Symposium Saturday, 28 May 2016 14:00 – 15:45

Perioperative management of the liver surgery patient

Chairs:
Susan Mallett (Watford, United Kingdom)
Alistair Lee (London, United Kingdom)

Introduction
Gianni Biancofiore (Pisa, Italy)

Preoperative workout
Koen Reintjens (TBA, Afghanistan)

Intraoperative anaesthetic management
Catherine Paugham (TBA, Afghanistan)

Postoperative management

Fuat Saner (Essen, Germany)

Liver surgery: what an anesthetist needs to know

S

SUASA
Symposium

Saturday, 28 May 2016
14:00 – 15:30

How has ultrasound changed the safety in pediatric anesthesia? Symposium organised by the Society for Ultrasound in Anaesthesia (SUA)

Chairs:
Rishi Diwan (Liverpool, United Kingdom)
Dario Galante (Foggia, Italy)

Ultrasound pediatric regional anesthesia: pro
Alberto Benigni (Bergamo, Italy)

Ultrasound pediatric regional anesthesia: con
Viviana Prussiani (Bergamo, Italy)

Ultrasound guided rectus sheath block in children:an update
Nicole Almenrader (Rome, Italy)

Use of TOE in cardiac/non cardiac pediatric patients
Philip Arnold (Liverpool, United Kingdom)

Conslusions and Discussion
